Opening: The meeting opened at 7:15 PM in City Hall by Lou Renshaw (regular room in the County Building was unavailable for unknown reasons and the City Hall was offered as a substitute).

Recycling Proposal: Mayor Kristen Brown had previously asked for 30 minutes of time at the beginning of the meeting to present a city proposal for residential curbside recycling that might be of interest to the CAC. The time was granted and the Mayor presented her proposal along with a written summary of the cost options. Substantial discussion ensued regarding background, city vs. county vs. BCSWD impact, time table for implementation, capacity implications, capital expenses, depreciation allowances, fees, budgets, validity of cost estimates, etc. Members of the CAC again questioned/debated the primary objectives the CAC should pursue. The discussion was ended at 8:45 PM. The Mayor thanked the CAC for their attention as she and her assistants departed the meeting.

After further discussion regarding the Mayor's proposal and CAC objectives, it was decided to hold a special meeting at 7:00 PM on Wednesday, August 21, 2013 to evaluate the Mayor's proposal further (along with other possible topics). The meeting is scheduled to take place in the City Hall.

The meeting was adjourned at 9:10 PM.
